

Executive Biography

Ronald R. Martin
Vice President
Government & Industry Affairs

Ron is responsible for advancing Preferred Mutual's government affairs strategy and supporting the company's strategic priorities through advocacy efforts and relationships with state regulators, legislators, trade groups, agents, and other industry stakeholders. He also serves as a key point of contact for state regulators on matters affecting the business.

He began his career with Preferred Mutual Insurance Company and has held positions of increasing responsibility over his 40 years with the company, including leading Personal Lines and Research and Development.

Ron brings a wealth of industry knowledge, expertise in insurance regulations and compliance, and organizational business acumen. His industry involvement includes board service with MARIIF, the Insurance Council of New Jersey, and the Automobile Insurers Bureau of Massachusetts. He also holds committee leadership roles with the New York Insurance Association and Big I New York's New York First initiative and serves on government affairs and compliance committees with the National Association of Mutual Insurance Companies.

Ron's responsibilities also include involvement in residual automobile insurance matters through Commonwealth Automobile Reinsurers (CAR) and the New York Automobile Insurance Plan.

Ron has an Associate in Applied Science degree and holds numerous insurance designations, including Associate in Regulatory and Compliance (ARC). In 2024, he received Big I New York's Thom McDaniel Exemplar Award in recognition of his service and contributions to the insurance industry.
